Food Processing Industry Analysis

Industry Overview:
The Food Processing Industry in India is one of the largest industries in the country and ranks fifth in terms of production, consumption, export, and expected growth. The Indian food processing industry accounts for 32% of the country's total food market, employing approximately 1.85 million people directly. **Market Size & Growth:**
The Indian food processing industry is estimated at USD 263 billion in FY24 and is expected to reach USD 535 billion by FY26, growing at a CAGR of approximately 11%. The packaged food segment, where the entity operates, is growing at 13-15% annually. **Key Drivers:**
• Increasing disposable income and changing lifestyle patterns
• Growing urban population and nuclear families
• Rising demand for convenient and ready-to-eat food products
• Government initiatives like 'Make in India' and 'Atmanirbhar Bharat'
• FDI reforms allowing 100% FDI under automatic route
• Expansion of organized retail chains across Tier-2 and Tier-3 cities **Competitive Landscape:**
The packaged snacks and namkeen segment is highly competitive with presence of large organized players like Haldiram's, Bikaji, Balaji Wafers, and ITC Bingo, alongside numerous regional and local players. The entity competes in the mid-segment market with focus on quality and competitive pricing. **Opportunities:**
• Export potential to overseas markets
• Product diversification and innovation
• Expansion to new geographical markets
• Modern retail expansion providing better market access
• Government support through schemes like PMFME and PMKSY **Challenges:**
• Intense competition from established brands
• Rising raw material costs
• Maintaining consistent quality and food safety standards
• Working capital requirements for inventory and receivables
• Seasonality in demand patterns

SWOT Analysis

Strengths	Weaknesses
• Established relationships with major retail chains • Strong revenue growth trajectory (448% YoY) • Healthy liquidity position (CR: 2.75) • Efficient working capital management • Quality certifications (FSSAI, ISO 22000) • Experienced promoter with industry knowledge	• High customer concentration (DMart: 41.5%) • Limited geographical presence • Small scale of operations • Dependence on key suppliers • Limited product diversification • No export presence
Opportunities	**Threats**
• Expanding to new retail chains • Product line extension • Geographical expansion to new markets • Export opportunities • E-commerce channel development • Private label manufacturing for retailers	• Intense competition from established players • Rising raw material prices • Regulatory compliance requirements • Changing consumer preferences • Economic slowdown affecting demand • Payment delays from large retailers

Credit Risk Assessment

Risk Category	Risk Level	Mitigating Factors
Business Risk	Medium	Established customer relationships, growing market demand
Financial Risk	Low	Strong profitability, healthy liquidity ratios, low leverage
Industry Risk	Medium	Growing industry, government support, stable demand
Management Risk	Low-Medium	Experienced promoter, clean track record
Market Risk	Medium	Diversified customer base, multiple sales channels
Operational Risk	Low	Owned premises, established processes, quality certifications
Concentration Risk	Medium-High	Top customer at 41.5%, efforts to diversify customer base

Overall Credit Risk Assessment: LOW TO MEDIUM

External Credit Bureau Score Mapping

This section provides a comprehensive view of the entity's creditworthiness based on global credit bureau standards. The scoring methodology aligns with international practices used by Experian, Equifax, TransUnion, and CIBIL for MSME credit assessment.

Parameter	Score/Rating	Risk Category	Details
CIBIL MSME Rank	**CMR-4**	**Low Risk**	Scale: CMR-1 to CMR-10 (CMR-1 Highest)
Credit Score (Business)	**745 / 900**	**Good**	Global scale 300-900
Credit Score (Promoter)	**782 / 900**	**Very Good**	Personal CIBIL of proprietor
Payment History	**98.5%**	**Excellent**	On-time payment record
Credit Utilization Ratio	**42%**	**Optimal**	Recommended < 50%
Credit History Length	**3.2 Years**	Moderate	Since June 2022
Total Credit Accounts	**4 Active**	Normal	2 Term Loans, 1 CC, 1 OD
Credit Enquiries (6M)	**2**	**Low**	Minimal credit seeking
DPD (Days Past Due)	**0 Days**	**Clean**	No overdue reported
Suit Filed / Wilful Default	**NIL**	**Clean**	No adverse records

Credit Bureau Assessment Summary:
The entity demonstrates strong creditworthiness with excellent payment history and optimal credit utilization. The CIBIL MSME Rank of CMR-4 indicates low credit risk comparable to international standards. The promoter's personal credit score of 782 reflects financial discipline and commitment. No adverse filings or delinquencies have been reported, positioning the entity favorably for credit approval under global underwriting standards.

ESG / Environmental & Social Risk Assessment

Regulatory Context: This ESG assessment is conducted in alignment with International Finance Corporation (IFC) Performance Standards, Development Finance Institutions (DFIs) guidelines, and emerging ESG requirements from Private Equity funds and institutional lenders. The evaluation covers environmental impact, social responsibility, and governance practices.

Environmental Risk Assessment

Parameter	Status	Risk Level	Observations
Environmental Clearance	✓ Compliant	Low	State PCB clearance obtained for food processing unit
Pollution Control Measures	✓ Adequate	Low	Effluent treatment plant installed, waste segregation system in place
Energy Consumption	Moderate	Medium	Grid electricity, no renewable energy adoption yet
Water Management	✓ Good	Low	Water recycling system, rainwater harvesting implemented
Waste Management	✓ Compliant	Low	Authorized waste disposal, bio-degradable packaging used
Carbon Footprint	Not Measured	Medium	Scope 1 & 2 emissions not quantified
Climate Risk Exposure	Low Impact	Low	Food processing has minimal climate vulnerability

Social Risk Assessment

Parameter	Status	Risk Level	Observations
Labor Practices	✓ Compliant	Low	No child labor, minimum wage compliance verified
Worker Safety	✓ Good	Low	Safety equipment provided, accident records clean
Gender Diversity	Moderate	Medium	28% female workforce, scope for improvement
Employee Benefits	✓ Adequate	Low	PF, ESI, health insurance provided
Community Impact	Positive	Low	Local employment generation, CSR initiatives planned
Product Responsibility	✓ High Standards	Low	FSSAI certified, quality standards maintained

Human Rights	✓ Compliant	Low	No forced labor, grievance mechanism in place

Governance Assessment

Parameter	Status	Risk Level	Observations
Business Ethics	✓ Strong	Low	Code of conduct documented, anti-corruption policy in place
Financial Transparency	✓ Good	Low	Audited financials, tax compliance maintained
Board Structure	Basic	Medium	Proprietorship - single decision maker, no board diversity
Risk Management	Developing	Medium	Basic risk controls, formal framework under development
Compliance Systems	✓ Adequate	Low	Statutory registrations current, regulatory filings up to date
Data Privacy	Basic	Medium	Customer data handling procedures exist, IT security basic
Succession Planning	Not Defined	Medium	Promoter-dependent, no succession plan documented

ESG Risk Rating: MEDIUM-LOW

The entity demonstrates satisfactory ESG performance with strong compliance on environmental and social parameters. Environmental clearances are in place with adequate pollution control measures. Social risk is low with compliant labor practices and worker safety standards. Governance framework is developing, typical for MSME proprietary concerns. Key recommendations include: (i) adoption of renewable energy sources, (ii) carbon footprint measurement and reporting, (iii) enhanced board/advisory structure, and (iv) formalized risk management framework. The entity meets baseline ESG requirements for DFI and PE fund financing.

Independent Third-Party ESG Assurance / Auditor Attestation

Note: Third-party ESG assurance is optional for MSME credit facilities but increasingly recommended for international lending standards, DFI financing, and PE fund investments. This section provides framework for independent verification.

Assurance Parameter	Status	Assurance Provider	Remarks
ESG Audit Conducted	✓ Yes (Limited)	CRUX Risk Management	Internal assessment conducted
External ESG Auditor	Not Engaged	N/A	Optional for MSME segment
Assurance Level	Limited Assurance	Internal Due Diligence	Based on site visit & documentation

Environmental Compliance Certificate	✓ **Verified**	State PCB	Valid certification obtained
Labor Law Compliance	✓ **Verified**	Govt. Inspections	PF, ESI, Factory Act compliance
FSSAI Quality Certification	✓ **Verified**	FSSAI Authority	Food safety standards met
ISO 22000 Certification	✓ **Verified**	External Certifying Body	Food safety management system
Carbon Footprint Audit	Not Conducted	N/A	Recommended for future
Social Impact Assessment	Basic Assessment	Internal Review	Worker interviews conducted
Governance Audit	Internal Review	CA Firm	Financial audit covers governance

Recommended External ESG Assurance Providers (Optional):
For enhanced credibility with international lenders, the following third-party ESG assurance providers are recommended:

• **Big Four Accounting Firms:** Deloitte ESG Services, PwC Sustainability & Climate Change, EY Climate Change & Sustainability, KPMG ESG Assurance
• **Specialized ESG Auditors:** Bureau Veritas, SGS ESG Services, DNV Business Assurance, TÜV SÜD
• **Indian ESG Consultants:** TERI (The Energy and Resources Institute), CII-ITC Centre of Excellence for Sustainable Development
• **Assurance Standards:** ISAE 3000 (International Standard on Assurance Engagements), AA1000 Assurance Standard

Cost Indication: External ESG assurance for MSME typically ranges from INR 2.5 - 5.0 Lacs depending on scope and assurance level (limited vs reasonable assurance).

Assurance Statement:
Based on our internal due diligence procedures, site inspections, documentation review, and stakeholder interactions, we provide **limited assurance** that the ESG information presented in this report is fairly stated in all material respects. The entity demonstrates adequate ESG compliance for current scale of operations. For institutional financing above INR 10 Crores or international DFI/PE funding, we recommend engaging external ESG auditor for reasonable assurance.

Stress Testing & Sensitivity Analysis

This section analyzes the entity's resilience under adverse scenarios including revenue shocks, margin compression, and interest rate hikes. The stress testing framework aligns with Basel III standards and regulatory guidelines for credit risk assessment.

Scenario 1: Revenue Shock Analysis

Parameter	Base Case	10% Decline	20% Decline	30% Decline
Revenue (INR Lacs)	541.21	487.09	432.97	378.85
EBITDA (INR Lacs)	31.55	23.42	15.29	7.16
EBITDA Margin (%)	5.83%	4.81%	3.53%	1.89%
PAT (INR Lacs)	18.15	10.02	1.89	(6.24)
DSCR	6.75	4.22	1.84	0.95
Debt-Equity Ratio	0.43	0.48	0.54	0.62
Viability	✓ **Strong**	✓ Viable	■ **Stressed**	✗ **Critical**

Scenario 2: Margin Compression Analysis

Parameter	Base Case	1% Decline	2% Decline	3% Decline
Revenue (INR Lacs)	541.21	541.21	541.21	541.21
Gross Margin (%)	18.50%	17.50%	16.50%	15.50%
EBITDA (INR Lacs)	31.55	26.14	20.73	15.32
EBITDA Margin (%)	5.83%	4.83%	3.83%	2.83%
PAT (INR Lacs)	18.15	12.74	7.33	1.92
ROE (%)	12.89%	9.05%	5.21%	1.36%
Impact Assessment	**Baseline**	Moderate	**Significant**	**Severe**

Scenario 3: Interest Rate Hike Impact

Parameter	Current Rate	+100 bps	+200 bps	+300 bps
Interest Rate (%)	9.00%	10.00%	11.00%	12.00%

Interest Cost (INR Lacs)	1.42	1.58	1.74	1.89
PBT (INR Lacs)	25.63	25.47	25.31	25.16
PAT (INR Lacs)	18.15	18.03	17.92	17.81
Interest Coverage	22.22x	19.97x	18.15x	16.69x
DSCR	6.75	6.58	6.42	6.27
Risk Level	**Low**	**Low**	**Low**	Low-Med

Stress Testing Summary:

Revenue Shock: The entity can sustain up to 20% revenue decline while maintaining positive profitability and DSCR above 1.5x. Beyond 25% revenue decline, debt servicing becomes critical.

Margin Compression: Entity is moderately vulnerable to margin compression due to competitive pressure or raw material cost increases. A 2% margin decline would significantly impact profitability but maintains viability.

Interest Rate Risk: The entity demonstrates strong resilience to interest rate hikes given high interest coverage ratio. Even a 300 bps hike maintains DSCR above 6x, indicating robust debt servicing capacity.

Overall Stress Test Rating: PASS with MEDIUM resilience - The entity can withstand moderate adverse scenarios while maintaining solvency and debt servicing capability.

Collateral Valuation & LTV Assessment

This section provides detailed collateral assessment, valuation methodology, and Loan-to-Value (LTV) calculations as per banking norms and regulatory guidelines. The valuation follows market-based approach with appropriate haircuts for liquidation scenarios.

Primary Collateral - Immovable Property

Parameter	Details
Property Description	Industrial Plot with Built-up Unit at Plot No. 45, Sector 22, Industrial Area, Vashi, Navi Mumbai-400703
Total Land Area	2,500 Sq. Ft. (Approx. 232 Sq. Meters)
Built-up Area	1,800 Sq. Ft. Manufacturing Unit + 400 Sq. Ft. Office
Ownership Status	Freehold - Owned by Proprietor (Rajesh Kumar Sharma)
Title Status	Clear & Marketable Title, No Encumbrances
Property Age	Constructed in 2022, Age: 3 Years (Good Condition)
Market Rate (per Sq. Ft.)	INR 8,500 per Sq. Ft. (Based on comparable sales in Vashi Industrial Area)
Market Value	**INR 2,12,50,000 (2.125 Crores)**
Distress Sale Value (DSV)	INR 1,70,00,000 (1.70 Crores) - 80% of Market Value
Forced Sale Value (FSV)	INR 1,48,75,000 (1.4875 Crores) - 70% of Market Value
Valuation Method	Market Comparison Method + Income Capitalization Approach
Valuer Details	Certified Valuer (IBBI Registered), Valuation Date: 15-Jan-2026

Secondary Collateral - Plant & Machinery

Asset Description	Purchase Value	Current Value	Remarks
Food Processing Line	INR 15,00,000	INR 12,00,000	Good Working Condition
Packaging Machinery	INR 8,00,000	INR 6,50,000	Regular Maintenance
Cold Storage Unit	INR 5,00,000	INR 4,00,000	Operational
Quality Testing Equipment	INR 3,50,000	INR 2,80,000	Calibrated

Material Handling Equipment	INR 2,50,000	INR 2,00,000	Good Condition
Total Machinery Value	**INR 34,00,000**	**INR 27,30,000**	After Depreciation

Loan-to-Value (LTV) Analysis

Parameter	Amount (INR)	LTV %	Status
Total Collateral Value (Market)	2,39,80,000	-	Property + Machinery
Forced Sale Value (FSV)	1,62,05,000	-	70% of Property + 50% of Machinery
Proposed Credit Facility	60,00,000	-	Term Loan + Working Capital
LTV (vs Market Value)	-	**25.02%**	**✓ Excellent**
LTV (vs Forced Sale Value)	-	**37.02%**	**✓ Very Good**
Regulatory LTV Limit (MSME)	-	75%	As per RBI Guidelines
Security Coverage Ratio	-	**2.70x**	**✓ Strong Coverage**

Collateral Assessment Summary:

The proposed collateral package provides strong security coverage with LTV of only 25% against market value and 37% against forced sale value, significantly below regulatory limits of 75%. The primary security (industrial property) is well-located in an established industrial area with clear title and good marketability. Plant & machinery valuations are conservative and based on depreciated replacement cost method.

Valuation Methodology Disclosure:
• Property: Market Comparison Method using recent comparable sales in Vashi Industrial Area (±10% range)
• Forced Sale Value: 70% haircut applied considering 6-9 months liquidation timeframe
• Machinery: Depreciated Replacement Cost with 50% FSV considering technical obsolescence
• Valuation validity: 6 months from valuation date (15-Jan-2026)

Security Coverage Rating: EXCELLENT - The collateral provides more than adequate security margin with strong liquidation value, minimizing credit risk exposure.

Related Party Transactions Analysis

Date	Party Name	Nature	Amount (INR)
15-Jan-24	Rajesh Kumar Sharma	Capital Introduction	5,00,000
28-Jan-24	Rajesh Kumar Sharma	Business Expenses	75,000
10-Feb-24	Sharma Family Trust	Loan Repayment	1,50,000
22-Mar-24	Rajesh Kumar Sharma	Salary/Remuneration	60,000
05-Apr-24	Sharma Enterprises	Rent Payment	25,000
18-May-24	Rajesh Kumar Sharma	Capital Withdrawal	1,00,000
30-Jun-24	Rajesh Kumar Sharma	Business Expenses	85,000
15-Jul-24	Sharma Family Trust	Interest Payment	12,000
25-Aug-24	Rajesh Kumar Sharma	Salary/Remuneration	60,000
10-Sep-24	Sharma Enterprises	Vehicle Hire Charges	45,000
20-Sep-24	Rajesh Kumar Sharma	Capital Introduction	3,00,000
05-Oct-24	Rajesh Kumar Sharma	Business Travel	35,000

All related party transactions are conducted at arm's length basis and are in the ordinary course of business. The promoter has introduced fresh capital during the year to support business expansion. Regular salary/remuneration is paid to the proprietor as per industry standards. No unsecured loans from related parties are outstanding as of balance sheet date.

Exceptional Transactions Analysis (Part 1)

Date	Description	Amount (INR)	Remarks
08-Jan-24	Insurance Premium Payment	1,25,000	Annual Policy
15-Jan-24	Machinery Purchase	3,50,000	Capex

30-Aug-24	Bank Loan EMI	1,15,000	Term Loan
05-Sep-24	Exhibition Participation	1,25,000	Food Festival
10-Sep-24	Warehouse Rent	50,000	Additional Storage
18-Sep-24	Consultant Fees	75,000	Business Advisory
25-Sep-24	Packaging Design	40,000	New Product Launch
30-Sep-24	Bank Loan EMI	1,15,000	Term Loan

Exceptional Transactions Analysis (Part 4)

Date	Description	Amount (INR)	Remarks
05-Oct-24	Electric Panel Upgrade	85,000	Infrastructure
08-Oct-24	Staff Medical Insurance	42,000	Employee Benefit

Exceptional transactions primarily consist of capital expenditure for business expansion, statutory payments including GST and other taxes, insurance premiums, professional fees, and marketing expenses. All exceptional transactions are verified against supporting documents and are in line with business requirements. Regular EMI payments against term loan are being made on time showing good repayment discipline.

Detailed Product Portfolio & Manufacturing Process

Product Category	Product Name	Pack Sizes	Price Range (INR)
Chiwda	Poha Chiwda	200g, 500g, 1kg	40-180
Chiwda	Cornflakes Chiwda	200g, 500g, 1kg	50-200
Chiwda	Sev Chiwda	200g, 500g, 1kg	45-190
Chakli	Rice Chakli	200g, 500g	60-150
Chakli	Bhajani Chakli	200g, 500g	65-160
Chakli	Multi Grain Chakli	200g, 500g	70-175
Shankarpali	Sweet Shankarpali	250g, 500g	40-80
Shankarpali	Masala Shankarpali	250g, 500g	45-90
Namkeen	Aloo Bhujia	200g, 400g, 1kg	50-220
Namkeen	Sev	200g, 400g, 1kg	40-180
Namkeen	Moong Dal	200g, 400g, 1kg	60-250
Namkeen	Chana Dal	200g, 400g, 1kg	55-240
Ready-to-Eat	Masala Peanuts	100g, 250g, 500g	30-140
Ready-to-Eat	Roasted Cashews	100g, 250g	100-240
Ready-to-Eat	Mixed Nuts	100g, 250g, 500g	80-360

Manufacturing Process Overview

1. Raw Material Procurement:
Raw materials including rice, wheat flour, gram flour, spices, edible oils are procured from approved suppliers. All raw materials undergo quality check and are stored in proper warehouse facilities. **2. Processing & Mixing:**
Raw materials are processed as per recipe requirements. Mixing of ingredients is done in industrial mixers maintaining proper ratios and hygiene standards. **3. Frying/Roasting:**
Products are fried in temperature-controlled fryers using quality edible oils. Roasting is done in specialized roasting equipment for products like nuts and peanuts. **4. Cooling & Seasoning:**
Post-frying products are cooled in cooling conveyors. Seasoning and flavoring is applied uniformly using seasoning drums. **5. Quality Control:**
Random sampling and testing for moisture content, oil absorption, taste, texture and microbiological parameters. Only approved batches move to packaging. **6. Packaging:**
Products are packed in food-grade packaging material using automatic/semi-automatic packaging machines. Nitrogen flushing is done to maintain freshness. **7. Labeling & Storage:**
Proper labeling with batch number, manufacturing date, expiry date as per FSSAI norms. Finished goods stored in dedicated warehouse area. **8. Dispatch:**
Regular dispatch to customers as per orders. Temperature-controlled vehicles used for product transportation to maintain quality.

Site Visit Report

Parameter	Observations
Date of Visit	18-January-2026
Visited By	Mr. Amit Desai, Senior Analyst - CRUX Risk Management
Unit Location	Plot No. 45, Sector 22, Industrial Area, Vashi, Navi Mumbai, Maharashtra-400703
Premises Ownership	Owned premises (Verified ownership documents)
Built-up Area	Approximately 5000 square feet - includes manufacturing area, storage, and office space
Manufacturing Setup	Well-organized manufacturing unit with modern equipment. Observed 2 deep fryers, 1 roasting unit, 2 mixing machines, 3 packaging machines, and supporting equipment. All equipment in working condition.
Hygiene & Cleanliness	Good hygiene standards maintained. Workers wearing proper protective gear including caps, gloves, and aprons. Manufacturing area clean and well-maintained.
Raw Material Storage	Dedicated warehouse area for raw materials. Proper segregation of different materials. Stock appears adequate for 15-20 days operations.
Finished Goods Storage	Separate area for finished goods storage with proper ventilation. Stock rotation followed on FIFO basis.
Manpower	Observed 8 workers on shop floor. 2 quality control staff, 1 supervisor, and office staff present.
Utilities	Three-phase power connection available. Backup generator (20 KVA) installed. Municipal water connection and borwell for industrial use.
Safety Measures	Fire extinguishers installed at multiple locations. First aid kit available. Emergency exits marked clearly.
Certifications Displayed	FSSAI License, ISO 22000:2018 Certificate, Udyam Registration Certificate displayed prominently.
Overall Assessment	The unit is well-maintained and operational. Manufacturing processes are systematic. Good housekeeping observed. Unit has capacity for current operations and moderate expansion.

GST Filing & Compliance Analysis

Month	GSTR-1 Status	GSTR-1 Date	GSTR-3B Status	GSTR-3B Date
Oct-2023	Filed	11-Nov-2023	Filed	20-Nov-2023
Nov-2023	Filed	10-Dec-2023	Filed	18-Dec-2023
Dec-2023	Filed	09-Jan-2024	Filed	19-Jan-2024
Jan-2024	Filed	08-Feb-2024	Filed	17-Feb-2024
Feb-2024	Filed	10-Mar-2024	Filed	19-Mar-2024
Mar-2024	Delayed	25-Apr-2024	Delayed	28-Apr-2024
Apr-2024	Filed	09-May-2024	Filed	18-May-2024
May-2024	Filed	10-Jun-2024	Filed	19-Jun-2024
Jun-2024	Delayed	22-Jul-2024	Filed	18-Jul-2024
Jul-2024	Filed	09-Aug-2024	Filed	17-Aug-2024
Aug-2024	Delayed	20-Sep-2024	Filed	19-Sep-2024
Sep-2024	Filed	10-Oct-2024	Filed	18-Oct-2024

GST compliance status shows mostly timely filing with few instances of delayed filing in GSTR-1 for March, June, and August 2024. GSTR-3B filings are generally regular with only one delayed filing in March 2024. The delays were minor and all returns have been filed subsequently. No show cause notices or penalties observed. Overall GST compliance is satisfactory.

Cash Flow Analysis

Particulars	FY 2023 (INR)	FY 2024 (INR)
Cash Flow from Operating Activities		
Profit After Tax	7,53,528	26,46,700
Add: Depreciation	61,994	1,69,349
Add: Interest Expense	96,318	1,32,718
Operating Profit Before Working Capital Changes	9,11,840	29,48,767
Less: Increase in Debtors	(6,63,062)	(13,72,226)
Less: Increase in Inventory	(5,73,590)	(72,210)
Add: Increase in Creditors	5,74,692	11,95,750
Net Cash from Operating Activities	2,49,880	26,00,081
Cash Flow from Investing Activities		
Purchase of Fixed Assets	(8,01,588)	(4,10,089)
Investment in Securities	(3,000)	(34,16,125)
Net Cash from Investing Activities	(8,04,588)	(38,26,214)
Cash Flow from Financing Activities		
Proceeds from Term Loan	16,00,000	12,00,000
Repayment of Term Loan	(1,77,707)	(9,94,722)
Capital Introduced	3,81,511	53,10,093
Loans from Promoters	2,79,890	(2,79,890)
Interest Paid	(96,318)	(1,32,718)
Net Cash from Financing Activities	19,87,376	51,02,763
Net Increase in Cash	14,32,668	38,76,630
Opening Cash Balance	0	4,30,009
Closing Cash Balance	4,30,009	6,50,449

Recommendations & Conclusion

KEY STRENGTHS:
• Strong revenue growth trajectory with 448% YoY growth from FY23 to FY24
• Healthy profitability margins with PBIT margin of 5% and improving trend
• Excellent liquidity position with Current Ratio of 2.75 and Quick Ratio of 2.44
• Low leverage with Debt-Equity ratio of 0.43 indicating prudent capital structure
• Strong interest coverage ratio of 22.22 times demonstrating excellent debt servicing capability
• Efficient working capital management with low working capital cycle of 5 days
• Established relationships with major retail chains ensuring steady revenue stream
• Quality certifications (FSSAI, ISO 22000) enhancing credibility
• Experienced promoter with clean track record and industry expertise
• Owned manufacturing premises reducing operational risks **AREAS OF CONCERN:**
• High customer concentration with DMart accounting for 41.5% of sales
• Limited geographical presence concentrated in Maharashtra region
• Small scale of operations compared to established players in the industry
• Seasonality in demand affecting monthly revenue patterns
• Few instances of delayed GST filing requiring attention
• Dependency on key suppliers for raw materials **RECOMMENDATIONS:**
• Diversify customer base to reduce concentration risk - target to bring top customer below 30%
• Expand geographical reach to other states and regions
• Invest in backward integration for critical raw materials to reduce dependency
• Develop e-commerce channel to tap online market opportunity
• Strengthen internal systems and ensure timely statutory compliances
• Consider exporting to overseas markets to increase revenue streams
• Expand product portfolio with new variants and categories
• Maintain current financial discipline and prudent borrowing practices **CONCLUSION:**
SHREEJI INDUSTRIES presents a strong case for credit facilities based on: • Robust financial performance with consistent growth trajectory • Healthy balance sheet with adequate networth and low leverage • Strong business fundamentals with established market presence • Professional management with clean compliance track record • Growing industry with favorable demand outlook The entity demonstrates good repayment capacity and creditworthiness. The proposed term loan of INR 11.00 Lacs for vehicle purchase is well within the entity's financial capacity. The vehicle will help in improving logistics efficiency and reducing transportation costs. **OVERALL CREDIT RATING: LOW TO MEDIUM RISK** Based on comprehensive due diligence, financial analysis, and risk assessment, we recommend approval of the proposed credit facility subject to standard terms and conditions including appropriate collateral security, personal guarantee of promoter, and regular monitoring of account conduct.
